ROKEBY100

Rokeby100 is a modern industrial blank canvas event space in the heart of Collingwood. Minutes from Smith Street, and a stone's throw from great public transport facilities, the site is versatile and lends itself to most any event.

Our full container height roller door allows for easy unloading and setup. Natural light flows from the skylights, and at night the lighting changes to a fully customised lighting system.

The venue features two spaces: an indoor area and a semi-outdoor 'beer garden' space that can be kept open or closed up with a roller door. This versatile space is perfect for hosting celebrations with friends and family.

Rokeby100 provides the perfect backdrop for your function, big or small! From engagements, weddings, birthdays, corporate events and anything in between! Host the ultimate party featuring personalised cocktails, a selection of canapés, ambient lighting and customisable integrated AV system.

The venue comes included with furniture necessary for the celebration. Our Event Managers will work with you to make your dream come alive and will be there on the day to make sure everything is running smoothly.

At Rokeby 100, we do not charge a venue hire fee!

Our events are based on a **minimum spend across food and/or drinks**, which we organise for you, ensuring your event is seamless.

WEEKDAY (MONDAY TO FRIDAY) \$1500
WEEKEND (SATURDAY AND SUNDAY) \$2500

**Minimum spend only
- no venue hire fee**

We have a 240 inch 1080 pixel LED screen which comes included in the venue for every event. You can use it to play images & videos with or without sound. Our fully integrated AV system comes inclusive of the minimum spend, with mounted QSC speakers throughout the venue. The system runs from an iPad with a Spotify account. For an easy no fuss option, just send us your playlist before your event and we will have it ready for the night!

Lighting at the venue is also included, this encompasses fairy lights, festoon lights, static uplighters and sound activated lights on the dance floor.

Having a DJ?

They are more than welcome to use our speakers, we require them to bring their mixer and the correct cables. It is important they are a professional who is experienced with sound systems.

We do not have a sound engineer at the venue so we will not take responsibility for the AV.
